

Dear Parents:

We hope this letter finds you looking forward to great things this fall. The Parish Ed committee is looking to the future and trying to plan for the upcoming year – a monumental task to say the least! We have many exciting opportunities for parents, siblings, grandparents, **anyone who loves kids** to help our Sunday/Wednesday School programs be successful, and we are asking for your help!

In an effort to determine class sizes and our teacher needs we are asking you to look over the following information and make any corrections if needed. **Please return this form to the church as soon as possible.**
